

EASTERN SHORE
FEDERAL LAB CONSORTIUM
CONFERENCE

Notice to all Technology Based Businesses
Economic Development Partners
Universities and Colleges
Research and Laboratory Facilities

This is your opportunity to network with representatives from many of the Mid Atlantic FEDERAL LABORATORIES and other key players in the Region

Learn more about opportunities to transfer cutting edge technologies for private sector business growth and development and to bring technologies of interest to the federal laboratories

SAVE THE DATE
NO REGISTRATION FEE TO ATTEND

March 12, 2008

Krystal Q Conference Center in Easton, Maryland
9630 Technology Drive (Rte 50 to Airpark Drive to Technology Drive)
(Located across from the Easton Airport in the Easton Technology Park)

9 am to 4 pm.

Conference highlights Federal Labs and their interest in partnering with Eastern Shore Businesses, Economic Development Partners, Colleges and Universities to support growth and development with technology transfer.

A full agenda will be made available

Please email one of the following contacts if you are interested in attending or have any questions by February 29, 2008:

John General: jgeneral@cbrtce.org

John Emond: john.l.emond@nasa.gov

Robert Griesbach: robert.griesbach@ARS.USDA.GOV

Need to Pre-Register

While there is no charge for this event, seats may become limited and the conference coordinators need the head count to prepare materials and room arrangements. Accordingly, please respond and reserve by February 29 if you intend to attend.

Exhibits and Brochures

Note that there is space available at no charge to laboratories and agencies for handout materials, floor exhibits and easel/poster board displays. Exhibitors must bring their own display equipment, including easels, etc. Anyone wishing to exhibit should contact one of the three named contacts above by February 29.
