

MID-ATLANTIC REGION

2004 Mid-Atlantic Regional Meeting

Dr. J. Scott Deiter, FLC Regional Coordinator

Ms. Dottie Vincent, FLC Deputy Regional Coordinator

What is the Federal Laboratory Consortium?

- ❑ Nationwide network of over 700 Federal laboratories and R&D centers organized in 1974 and formally chartered by Congress in 1986 to promote and strengthen technology transfer throughout the U.S.
- ❑ A forum that links technology with laboratory missions and the marketplace
- ❑ 17 Departments and Agencies, conducting \$70 billion in R&D annually and employing over 100,000 scientists and engineers.

The FLC Vision

The vision of the FLC is to actively promote the fullest application and use of federal research and development (R&D) by providing an environment for successful technology transfer.
